

Working to Keep St. Louis Clean for 35 Years!

Let's continue 35 years of a proud St. Louis tradition! Let's work together to make our city cleaner and greener through Brightside's year-round Blitz clean-up program. Yes, that includes you - your neighbors, block units, businesses, community organizations and countless others, too! You can do a little or a lot. Every little bit helps so rally your family, friends and neighbors to:

- Pick up litter from the streets and alleys in your area
- Plant and maintain flowers in public green spaces
- Organize a massive seasonal clean-up for your entire community

You decide when and where to clean and beautify! Then, register your project with Brightside to reserve hand tools (brooms, rakes and shovels), trash bags and recycling carts for your project.

Go to www.brightsidestl.org to register your Blitz project or call Brightside at 314-772-4646

To maximize your efforts, consider scheduling your Blitz clean-up the weekend before your neighborhood's bulk pick-up, annual house tour or other community event.

Register by April 30 to request FREE annual flower seedlings for planting on public property. Flowers will be available for pick up May 5 and 6 at the Greenhouse in Forest Park. Want to beautify even more public spaces? Ask us about Neighbors Naturescaping. We can help you get native flowers, shrubs and trees to bring nature and beauty to your neighborhood!

Fight the Bite this year by keeping your yard free of standing water. As little as a bottle cap full of standing water is enough for a mosquito to lay eggs. At least once a week, remove standing water from gutters, planters, toys, tires and pools to eliminate mosquito breeding grounds. Be sure to pick up litter, too. Better yet, plan a Blitz clean-up to help your whole community keep mosquitos away!

Do your part to make St. Louis cleaner and greener!

Saint Louis City Recycles **Small Steps. BIG IMPACT.**

Recycling is easy! Make room for a recycling bin in your home and fill it with your bottles, cans, containers, paper and cardboard. Keep recyclables clean and dry and then pour them loose into the City blue recycling dumpster or rollcart.

Spring cleaning? Before you reach for the trash can, find out how you can keep almost any unwanted item out of the landfill by visiting www.STLCityRecycles.com/database

Blitz clean-up? You can reserve recycling carts for your clean-up events now, too! Fill them with bottles and cans and then empty the cart into a blue City recycling dumpster.

Recycle electronics and shred confidential papers at 1660 S. Kingshighway, 314-664-1450. Computers, TVs, gaming equipment - almost anything with a cord - can be recycled. Some items have a small fee.

Paint thinners, pesticides and other household hazardous wastes can be recycled, too. Check out www.HHWstl.com to learn more. Appointment required. To find your monthly bulk pick-up week, visit www.StLouis-Mo.gov/streets; call the Citizens' Service Bureau (CSB) at 314-622-4800; or call Brightside at 314-772-4646.

Reached your 3 bulk pick-up item limit for the month? If you can't recycle or donate those items, take them to the City transfer station. For details visit www.StLouis-Mo.gov and search "resident drop off."

To report any problems (e.g. dumpster overflowing, damaged container, etc.) contact the CSB at www.StLouis-Mo.gov/CSB or call 314-622-4800.

This activity is financed in part through an allocation of Community Development Block Grant Funds from the Department of Housing and Urban Development and the City of St. Louis/Community Development Administration.
