ST. LOUIS URBAN GARDENING SYMPOSIUM

The 2023 St. Louis Urban Gardening Symposium will be held on Saturday, June 10th in Brightside's Demonstration Garden at 4646 Shenandoah Ave. The symposium will feature special guest, **Dave Tylka**. You'll love how Dave shares his wealth of experience and knowledge as an educator, biologist, nature author and photographer!

Immediately following this special presentation, "**Green Jean**" **Ponzi** will discuss **Mosquito Alert STL** before we break into small group workshops led by experts in their respective fields. Gardeners can learn how to plant and care for a neighborhood or home garden or learn more about native urban wildlife. There will also be opportunities to "Ask the Experts" before and after the sessions plus a native plant sale after the workshops.

Neighbors Naturescaping participants and volunteers

can take part in this event at no cost.

The Neighbors Naturescaping Kick-off Presentation & Breakfast
begins at 9:00 a.m.

Reserve your spot by calling Brightside directly at 314-772-4646.
